

Inmate Letter February 2019

Hello Victory Church,

I wanted to say thank you so much for sending me this wonderful Bible study program. I can't wait to receive the next lesson. I've been trying my best cause my language is not that good so with a Spanish Bible and a dictionary I am working this out and I have been learning so much!

I would like to talk a little bit about myself, my name is Christian from Venezuela. I was raised Catholic but I would love to be baptized accepting Jesus in my heart. I've been confessing my sins praying with all my repentance, and asking Jesus to be my Lord and Savior.

I come to this country three years ago trying to do better working hard to take care of my family and friends in Venezuela as probably you know about the critical situation going on there. It's hard for me to believe I ended up here in this jail with a really nasty and unfair situation where they took all my dreams and everything I worked for, including the help that I've been providing to my people with food and medicine.

It's been really hard, crying every day. All my roommates said to me that God has some purpose for me and for sure God is the only one that I've felt by faith through the Lord Jesus knowing that he's working out my case to give me my freedom back.

I'm really thankful cause Jesus is my only company and hope, I just wish to ask you if is possible to help me out with your prayers. I will really appreciate and as I said, can't wait to receive the next lesson.

Thank you so much, _____
