

Dear, Victory Church, Pastor Rob and Pastor Jeff  
I thank you all for your love, kindness, support, and these amazing Bible studies. I have 9 done 20 more to go. I am proud to say this is my last letter in prison since I have my official EOS Date and my paperwork (MAY 12th 2019) with 3 months Control Release (aka probation). I am still yet to get a place to live down here in Kissimmee, FL / St. Cloud, FL where I currently am at for work release. I have been working for almost a month now for a construction company (Wall Bros Const). Somewhere  
Someway I am a survivor mostly because my faith in God. During this time at work release I have just one pair of jeans, old worn out work shoes and clothes that were just thrown or given away and feel blessed to have what I do. It's a true struggle but I make the best of it. I started at Connection Church down here last week going to church it seems like a great church plan to go until I have means to get to Victory every weekend. Anyways thanks for your time and consideration for everything. You all are always on my mind and heart as well as my prayers. A prayer request for my family to be safe, faith in God and me to succeed from here. Also to get my baby boy aka Hershey my service dog asap. I would like to add that I need a miracle healing of my severe back injury and pain so I keep my job. If I don't lose it before then do to people throwing me under the bus for everything and breaking their heads with a 2x4. Anyways Peace, Love, Hope, and faith always. Talk to you soon can't wait for my next study guide.

Sincerely,

~~Robert [unclear]~~
